Audiophile Audition (Steven Ritter - 2014.03.24)

AUDIOPHILE AUDITION
This disc, led by the ravishing, petite-voiced, and Emma Kirkby-like tone of the new soprano Ina Siedlaczek (in great demand among consorts and Baroque recitals) is a fine tribute to four composers who wrote about Fortune [...] This is good stuff, adventurous, vocally opulent, and stylistically exciting, and Siedlaczek's careful characterizations make for some enthralling and radiantly rewarding listening. All this captured of course in Audite's splendid surround sound.
