The 1904 first string trio (1904) is a light, refreshing piece in the spirit of early Viennese Romanticism while the equally sunny and serenade-like second dates from 1915 (and its fugue finale was Reger's last fugue!). A big-boned, gloomy and intense work, the 37-minute piano quartet dates from the first month of World War I and has an orchestral quality which reminds us that Reger was working on the finale to his Mozart Variations. So, 83 minutes almost equally divided between "light" and "serious" Reger.

**MAX REGER (1873-1916): Piano Quartet No. 2 in A Minor, Op. 133, String Trios No. 1 in A Minor, Op. 77b and No. 2 in D Minor, Op. 141b.**
