Künstlerfestzug. One for the Liszt collectors

Künstlerfestzug is of great interest. A real romantic piece with lots of fanfares. Joyous, triumphal tones throughout. Maybe not his greatest work but one to be enjoyed. All pieces are committed and no doubt orchestra/conductor have a real association with Liszt. Has to be one of the most acclaimed put to record for many of years. . Sound quality is some of the best i have heard. I recommend these to any collector of classical music and not to be missed for any lisztian.
