CD OF THE YEAR 2021

BROADCAST: CD of the Year 2021

The "Basevi Codex - Music at the Court of Margaret of Austria" offers us pure, raw emotion in an entirely female interpretation; Dorothee Mields' unique, fascinating soprano vocal timbre captivates us from the very first note. Her silky, crystal-clear voice harmonizes with the warm, full, and sharp notes of the flutes played by the Boreas Quartett Bremen ensemble.
